WORK EXPERIENCE

Regional SEO manager (remote, current)

Mediaworks Hungary Zrt. / Budapest, Ózd / Feb 2025 - Aug 2026

- Managed onsite and off-site SEO tasks to support organic visibility and search performance across the website.
- Edited and added SEO recommendations for article editors directly in the company CMS using its SEO plugin, helping align content with search best practices.
- Conducted keyword research and competitor analysis using Ahrefs to inform content and SEO priorities.
- Monitored organic traffic trends with Ahrefs and Semrush, and tracked performance daily through Google Search Console and Google Analytics.
- Reported SEO tasks, updates, and progress through Jira and Windows chat to maintain clear communication and workflow coordination.

SEO manager assistant (remote)

Infinetrix Kft. / Ózd / Aug 2022 - Dec 2024

- Completed onsite and off-site SEO tasks for an international advertising platform, supporting overall search visibility and performance
- Managed social media and Twitter marketing initiatives using Loomly to create and schedule engaging posts
- Updated and maintained website content through CMS platforms, ensuring content was organized and SEO-friendly
- Supported link-building activities by contacting link partners and assisting with outreach efforts
- Monitored organic traffic daily using Ahrefs, SEMrush, and Google Search Console to track SEO performance
- Conducted SEO audits and identified technical issues to help improve website search engine optimization
- Assisted with technical troubleshooting by identifying click-related errors such as JavaScript and HTML issues using Mouseflow and Microsoft Clarity

Information and communication systems technician

Bild Elektro Kft. / Ózd / Apr 2022 - Aug 2022

- Performed online marketing tasks to support digital visibility and campaign execution.
- Managed the Zoho CRM business management system, including troubleshooting, integrations, and communication with Zoho support in English.
- Detected and resolved minor IT issues related to hardware, software, printing, cabling, and Wi-Fi connectivity.
- Built and managed WooCommerce and Shoprenter eCommerce stores, including website management and content updates.
- Supported SEO activities and handled Google Ads and Facebook Ads campaigns.
- Researched, searched, and purchased domain names for online projects.

Marketing manager (remote)

Intenset Kft., Onixcom, Webcafe / Ózd / Jan 2015 - Mar 2022

- Managed WooCommerce and Shoprenter webshop CMS operations, including product uploads, content updates, and ongoing website administration
- Wrote and uploaded articles, applying Yoast SEO and other on-page SEO best practices to support search visibility
- Executed on-site and off-site SEO tasks, including SEO settings for Shoprenter and coordination with domestic and international price comparison sites
- Managed product feeds and XML product listings, synchronized them with the website, and resolved technical issues in collaboration with Shoprenter customer support
- Set up, managed, and optimized Google Ads and Facebook Ads campaigns, including the creation of ad graphics
- Maintained company correspondence and communication with internal stakeholders and external partners
- Prepared and sent eCommerce reports to management and participated in monthly meetings at the head office
- Managed Google Search Console and Google Analytics, including code insertion, conversion tracking, and analysis of organic traffic and eCommerce SEO performance

Freelance marketing manager

Upwork, Freelancer / Ózd / Jan 2007 - Dec 2014

- Completed SEO, SEM, online marketing, and administrative tasks across freelance platforms, including Upwork and Freelancer
- Supported marketing-related activities by applying search engine optimization and search engine marketing practices to improve online visibility
- Managed routine platform-based administrative responsibilities while maintaining a professional and organized freelance workflow
- Adapted to diverse client requirements and project needs within online freelance marketplaces
- Contributed to the delivery of digital marketing support services in a freelance environment

Construction worker

Carpentry / Toronto / Apr 2001 - Dec 2006

- Performed general construction tasks in support of project progress and site operations
- Assisted with installation work, following instructions and maintaining attention to detail
- Supported team members with material handling, preparation, and basic site organization
- Worked in a factory environment, contributing to efficient day-to-day production tasks
- Followed workplace safety procedures and maintained a clean, organized work area
- Adapted to different job duties across construction, installation, and factory work settings

Security guard

Borsodchem Kft. / Budapest, Kazincbarcika / Feb 1997 - Mar 2001

- Completed mandatory military service in Hungary, building discipline, reliability, and strong respect for procedures and authority.
- Successfully completed a security guard course after military service, preparing for responsibilities in the security profession.
- Worked as a security guard, applying vigilance, professionalism, and adherence to safety protocols in daily duties.
- Monitored assigned areas and supported the protection of people, property, and premises in line with security requirements.
- Responded calmly to routine security situations and maintained a steady, observant presence throughout shifts.
